PICO California
The People's Institute for Community Organizing

YOUTH JUSTICE COALITION

AB 931 WILL:

1. Raise the legal standard for law enforcement use of force from responding to a potential threat to an officer or others to responding to an "imminent threat of death or serious bodily injury" to an officer or another person.

2. Establish that law enforcement can not use force unless there are no other reasonable alternatives.

3. Establish that use of force by law enforcement is not justified if the officer's gross negligence contributed to making the force "necessary."
